

TRY THIS IF HAIR STARTS FALLING

Some Good Advice for Those Threatened with Baldness

At this season of the year many people find their hair coming out at an alarming rate and often fear baldness. This may very easily be the ultimate result if proper scalp treatment is not taken at once. All excessive loss of hair can be almost immediately stopped by the use twice daily of a little Parisian Sage which invigorates and nourishes the slowly dying hair roots into a renewal of healthy normal action. New hair quickly grows on the thin spots, old hair stops falling, and the difference is apparent in a few days by the very look of the hair itself taking on new life, luster and beauty. Parisian Sage can be obtained from the Red Cross Pharmacy or any good druggist. It is not expensive.—Adv.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, nervousness, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."—Adv.
